

The Sharon Academy
High School Community Service Report (9/06)

Student Name _____

Advisor _____

Date(s) worked and hours logged: Date: _____ Hours: _____

Activity Supervised by: _____
Signature Printed Name

Describe the service you performed, who you worked with, and what you learned or gained from the experience. Write about new skills you may have learned, new things you experienced, how you felt before/during/after volunteering, and describe if this was a worthwhile community service and why or why not. This should be at least two paragraphs in length and needs to be grammatically correct. The more hours you worked, the more in-depth your discussion of what you learned should be!
